EMPLOYEE COMPLIANCE

Our plan ensures that employees comply with the rules and work practices that are designed to make the workplace more secure and do not engage in threats or physical actions that create a security hazard for others in the workplace, including at a minimum:

- Training employees, supervisors, and managers in the provisions of KGI's Workplace Violence Prevention Plan (WVPP)
- Effective procedures to ensure that supervisory and nonsupervisory employees comply with the WVPP through training and education, providing a copy of the WVPP to all employees through employee handbooks, policy manuals, or intranet portals, regular communication, and reinforcement, providing multiple reporting channels, and investigation and follow-up.
- Provide retraining to employees whose safety performance is deficient with the WVPP.
- Recognize employees who demonstrate safe work practices that promote the WVPP in the workplace through verbal recognition and internal communications.
- Discipline employees for failure to comply with the WVPP.

COMMUNICATION WITH EMPLOYEES

We recognize that open, two-way communication between Administration, staff, faculty, alumni, other employers, and campus visitors about workplace violence issues is essential to a safe and productive workplace. The following communication system is designed to facilitate a continuous flow of workplace violence prevention information between the Administration, faculty, and staff in a form that is readily understandable by all employees and consists of one or more of the following:

- New employee orientation includes workplace violence prevention policies and procedures.
- Workplace violence prevention training programs.
- Regularly scheduled meetings that address security issues and potential workplace violence hazards.
- Effective communication between employees and supervisors about workplace violence prevention and violence concerns with an open door policy, regular meetings, anonymous reporting systems, safety committees, employee surveys, regular communication channels, and an employee assistance program (EAP).
- Posted or distributed workplace violence prevention information.
- Employees can report a violent incident, threat, or other workplace violence concern to KGI or law enforcement without fear of reprisal or adverse action through verbal reporting to managers and supervisors, email or written reports, online reporting on the Human Resources website, and safety committees.

- Employees will not be prevented from accessing their mobile or other communication devices to seek emergency assistance, assess the safety of a situation, or communicate with a person to verify their safety. Employees' concerns will be investigated in a timely manner. They will be informed of the results of the investigation and any corrective actions to be taken through the following methods:
 - Updates on the status of investigations and corrective actions are provided to employees through email and at safety meetings. These updates could include information about the progress of investigations, the results of investigations, and any corrective actions taken.
 - During daily/weekly/monthly/quarterly meetings with other employers in the building (at or near and around the same worksite) to discuss the plan and any updates. These meetings could involve sharing updates to the plan, discussing recent incidents, and coordinating training sessions.

COORDINATION WITH OTHER EMPLOYERS

KGI will implement the following effective procedures to coordinate its plan with other employers to ensure that those employers and employees understand their respective roles, as provided in the plan.

- All employees will be trained in workplace violence prevention.
- Workplace violence incidents involving any employee are reported, investigated, and recorded.

WORKPLACE VIOLENCE INCIDENT REPORTING PROCEDURE

KGI will implement the following effective procedures to ensure that:

- All threats or acts of workplace violence are reported to an employee's supervisor or manager, who will inform the WVPP administrators. This will be accomplished by contacting them in person, through email, phone, or by contacting Human Resources at hr@kgi.edu. If that's not possible, employees will report incidents directly to the WVPP administrators, Cheryl Merritt, Assistant Vice President and Chief Human Resources Officer, and Trevor Garrett, Vice President of Finance and Administration and Chief Financial Officer.
 - Campus Safety Reporting Hotline: 909-607-8736
 - Human Resources' Reporting Hotline: 909-607-7821
 - [KGI Incident Reporting Form](#)

A strict non-retaliation policy is in place, and any instances of retaliation are dealt with swiftly and decisively. Any employee retaliating against another employee for reporting an incident could be

disciplined.

EMERGENCY RESPONSE PROCEDURES

KGI has in place the following specific measures to handle actual or potential workplace violence emergencies:

- Effective means to alert employees of the presence, location, and nature of workplace violence emergencies by the following:
 - Text and email will be used to alert employees of emergencies.
- KGI will have [evacuation](#) or sheltering plans such as [evacuation maps with routes and assembly areas](#), emergency bags/kits in designated areas, [signs on all emergency exits](#), and [instructions for sheltering in place](#).
- How to obtain help from staff, faculty, security personnel, or law enforcement:
 - If there is immediate danger, call KGI Campus Safety at 909-607-8736 and/or emergency assistance by dialing (9) 9-1-1 (dial outside access number first if applicable) and then notify the WVPP administrators, Cheryl Merritt, Assistant Vice President and Chief Human Resources Officer, and Trevor Garrett, Vice President of Finance and Administration and Chief Financial Officer.

- Inspections shall be conducted when the plan is established, after each workplace violence incident, and when the employer is made aware of a new or previously unrecognized hazard.
- Review all submitted/reported concerns of potential hazards from the following: [KGI Incident Reporting Form](#), Human Resources hotline messages, emails, and voicemails.

Periodic Inspections

Periodic inspections of workplace violence hazards will identify unsafe conditions and work practices. This may require assessment for more than one type of workplace violence. Periodic inspections shall be conducted when a new hazard is identified when a hazard complaint is received, and as often as needed.

Periodic inspections to identify and evaluate workplace violence and hazards will be performed by the following designated personnel in the following areas of the workplace:
